

# One Left Standing

## Mike & The Mechanics

You've got to hold on tonight  
Do you think that it's easy  
Trying to take me for a ride?  
Signs, time that you recognized them  
Doesn't work anymore  
It's gone and you can't make it right Please just read my lips  
Get the message now baby  
I've been tangled enough  
Don't get me caught up again  
Time, I've lost count of the times  
I've been had do you blame me  
But enough of this madness  
No more to say it's been said And all this time I've been holding it together  
If you walked a mile in my shoes  
You'd know what I'd been going through  
How many times can we go back?  
Make the same mistakes  
It's written all over your face [Chorus]  
You and I were a river flowing  
Now the tide has turned  
And all of my tears have run dry  
How come I am the one left standing?  
Now I'm drowning inside  
All of my tears have run dry Back right where I started again  
But it's hard to forget  
Everything's so different then  
I would have moved mountains  
If you'd asked me to  
That's a lifetime ago  
You've got to face up to the truth Forgetting all of our mistakes  
I just keep on falling right back in again [Chorus] Turned my back and I don't regret it  
One more time would be hell if I let it  
Take my word for it, don't forget it  
Check my eyes cause my tears have run dry [Chorus]
