

And I Think of You

Peter Cetera

Where did you go, why did you run?
What did you need from me, you felt we were missing
Now you never write and you never call What did you want, I couldn't give
You should've told me, baby, I would have listened
Why did you leave when we had it all And I think of you
Yes, I think of you Everywhere I go, anytime of the day
Every move I make, every word that I say
If I let myself I get carried away
When I think of you, I still think of you Time on my hands doesn't seem right
I'll never get used to this single life
And now I wonder what you're doing tonight We got away from it all
In a house upon the hill
I loved you then and I always will
Oh, oh, oh, oh, oh
