The Switch

Planet Funk

Push it, push itCan you see me comin' now?
(Push it, push it)
Can you see me switchin' now?Could you push your button?
Could you feel that switch?
Could you push your button
Like you rub an itch?Can you find that button?
(Push it, push it)
Can you find that switch?
(Push it, push it)
Can you keep on pressing, press
(Push it, push it)
When you hear the click?
(Push it, push it)Can you see me comin' now?
(See me switchin', see me switchin')
Can you see me switchin' now?
(See me switchin', see me switchin' now)
(Push it, push it)Look across your body
(Push it, push it)
Look into your eye
(Push it, push it)
Underneath the surface
(Push it, push it)
Something is awry
(Push it, push it)Can you feel it pushing?
(Push it, push it)
Pushing from inside
(Push it, push it)
Things you cannot say
(Push it, push it)
Will materialize
(Push it, push it)Can you see me comin' now?
(See me switchin', see me switchin')
Can you see me switchin' now?
(See me switchin', see me switchin' now)Can you see me comin' now?
(Can you see?)
Can you see me switchin' now?
(Switchin')Can you see me comin' now?
Can you see me switchin' now?Can you see me comin' now?
(See me switchin', see me switchin')

Can you see me switchin' now?
(See me switchin', see me switchin' now)Can you see me comin' now?
(Can you see?)
Can you see me switchin' now?
(Push it, push it)
