Don't Let Me Down

Hollywood Ending

Walking the road
Looking both ways I don't know which way to go
And what do I count on
Is it the road less traveled or the one I already know?
And no, I'm not traveling alone
I got my heart in my hand
And you can bet I'm holding it close
Don't wanna climb, don't wanna fall
Don't know where to start it all
I can start by taking it slow
First I need a hero, I got a mirror
Looking inside of my soul
If I need a hero, I got my mirror
Gotta go on with the show
I got my ear to the ground
That's the sound of my train coming 'round
This is a chance for us to be heard loud
It's you and me and it's our time now
Don't let me down
Don't let me down
Don't let me down now
Don't let me down
Don't let me down now
People, this is what you're living your life for
Fighter, that's your name, that's your name
Trying to hide but it's obvious you're a survivor
Believer, don't let the travel in the road
That look in your eyes
Puts fire in the heart of the cold world
Got a marathon to try again
I'm not even tryin' to win
I'm just glad I'm not alone
First I need a hero, I got a mirror
Looking inside of my soul, oh
If I need a hero, I got my mirror
And I go on with the show
I got my ear to the ground
That's the sound of my train coming 'round
This is a chance for us to be heard loud

It's you and me and it's our time now
Don't let me down
Don't you let me down
Promise you won't let me down
Don't you let me down
Promise you won't let me down
You've been running so alone
I see you, I see you, oh
You told me we could change the world
And I believe it's true, oh
There's nothing now to hold us down
I found my pains
And the sound of your heart led the way
I got my ear to the ground
That's the sound of my train coming 'round
This is a chance for us to be heard loud
It's you and me and it's our time now
Don't let me down
Don't you let me down
Promise you won't let me down
Don't you let me down
Promise you won't let me down
Don't let me down now
Don't let me down
Don't let me down now
Don't let me down
Don't let me down now
