

Crazy For Your Love

Exile

Girl I'm crazy for your love
Out of my head for you
My mind just can't believe
What you're makin' my body do
I'm Delirious over you And I just can't get enough
You're driving me mad
Makin' me crazy for your love
Thought I heard the telephone ringin'
It must be my imagination
Thought I heard a knockin' on the door
I guess it was just wishful thinkin'
When I close my eyes I can see your face
Feel you touchin' me
Oh darlin' don't you know I need to find a real way
To make you see
That I'm crazy for your love
Out of my head for you
My mind just can't believe
What you're makin' my body do
I'm Delirious over you
And I just can't get enough
You're driving me mad
Makin' me crazy for your love When I close my eyes I can see your face
Feel you touchin' me
Oh darlin' don't you know
I need to find a real way
To make you See
That I'm crazy for your love
Out of my head for you
You're driving me mad
