

Without Your Love

Chris Stapleton

Yesterday just came and went
And today dealt me another hand of heartache that I'll play
 What we said and what we meant
 Two different things, just some words and rings
And time keeps raising the stakes
 Tonight I'll find you in my dreams
 And tomorrow I'll wake up and have to feel you fade away
 And that's the way it goes it seems
 Tears filled with pain and they fall like rain
 Constant reminders every day
 Without your love
 The sky is grey
 Without your love
 I'm waiting on the sun shine
 Without your love
 Every hour is the darkest time of day
 And every moment's a crime
And every moment's a crime
 The more I live without you
 Just can't get around you
 Nobody else can set me free
 Baby, please come back to me
 Baby, please come back to me
