

Faraway

Eiffel 65

'Cause when I'm faraway I float away
I try and try again
Nothing brings me back on earth I'm leaving far away, so far away
And gone and gone again
I'm here but my minds gone away 'Cause when I'm far away I float away
I try and try again
But nothing brings me back on earth I'm leaving far away, so far away
And gone and gone again
I'm here but my minds gone away I'm leaving
I'm leaving
I'm leaving Slowing down, I see things slowing down
As I take off again
And things become so small to me I'm leaving far away, so far away
And gone and gone again
I'm here but my minds gone away 'Cause when I'm far away I float away
I try and try again
But nothing brings me back on earth I'm leaving far away
(Far away)
So far away
(So far away) And gone and gone again
(Gone again)
I'm here but my minds gone away
(Feeling's gone away) I'm leaving
I'm leaving
I'm leaving Slowing down, as I slow down
Take off, nothing comes so small to me 'Cause when I'm faraway I float away
I try and try again
Nothing brings me back on earth I'm leaving far away, so far away
And gone and gone again
I'm here but my mind's gone away 'Cause when I'm far away I float away
I try and try again
But nothing brings me back on earth I'm leaving far away
(Far away)
So far away
(So far away) And gone and gone again
(Gone, gone again)
I'm here but my mind's gone away
(Feeling's gone, gone away)
I'm leaving
