

Cocaine Rodeo

Mondo Generator

(cocaine rodeo, cocaine)
I need a drink to burn my throat
I need a girl to hang my coat
Wash my clothes and bring the food
I need a girl with no attitudeWake me up and get me high
Wake me up and get me high(cocaine)
Don't give me no lip when I'm at the bar
Don't give me no shit when I wreck your car
You want to know who was on the phone?
No one for you bitch, so just leave it aloneWake me up and get me high
wake me up and get me high(cocaine)
Wake me up and get me highspoken:
Did that sound too much like,uh, Axl Rose at the end or something?
