

# Every Which Way but Loose

**Eddie Rabbitt**

I've always been the kind of man who doesn't believe in strings  
Long term obligations are just unnecessary things  
But girl you've got me thinkin', while I'm drinking one more beer  
If I'm headed for a heartache, then why the hell am I still here I'm testin' my resistance and its wearin' mighty  
thin  
I got the feelin' I should leave before the roof caves in  
My mind tells me to move along but my body begs me stay  
And now I feel the need to hold you close and love the night away While you're turnin' me  
Every which way but loose  
You turn me every which way but loose  
Inside the fire's burnin' me  
In mind you just keep turnin' me  
Every which way but loose  
Baby there's no excuse  
To turn me every which way but loose When the sun comes up in the mornin' it should find me someplace new  
But right this minute all I want is to lay here next to you  
Those memories still keep callin' me from somewhere in my past  
Better hurry if they want me cause I can feel me fading fast
