

Shady Holiday

3LW

My mama told me that you was kinda bad
She said a guy like you ain't my kinda man
She said that you was trouble and you wouldn't have my back
The way you had me going from the jump you was my manAs the snow comes down
You're nowhere to be found
What am I to think?
The way you doing me
Santa be letting me downHe's my shady holiday
He just won't go away
I guess this love is here to stay
'Cause I love my shady holidayShady holiday
He just won't go away
I guess this love is here to stay
'Cause I love my shady holidayYo mama told me you was no good, wouldn't last
But when I'm with you, wanna lick my lips and damn
'Cause I can't imagine what I'd do without you
Even though sometimes I think that I'm not happy with what I haveAs the snow comes down
You're nowhere to be found
I guess my mom was right
The way you doing me
Santa be letting me downHe's my shady holiday
He just won't go away
I guess this love is here to stay
'Cause I love my shady holidayShady holiday
He just won't go away
I guess this love is here to stay
'Cause I love my shady holidayHe's my shady holiday
He just won't go away
I guess this love is here to stay
'Cause I love my shady holidayShady holiday
He just won't go away
I guess this love is here to stay
'Cause I love my shady holidayHe's my shady holiday
He just won't go away
I guess this love is here to stay
'Cause I love my shady holidayShady holiday
He just won't go away
I guess this love is here to stay
'Cause I love my shady holiday
