

I'll Be Around

Empire of the Sun

When I was young
The feeling was there
It is still there
Oh even you need
As I recollect
Keep me back to the steps of it
To the airs of the bear stone
I'll listen to them So I made up my mind
I'll be around for a while
You can better your life
I'll be around for a while Call out my name, when you call I'll be there
I'm always runnin' chasing fleas on a dep
Come back in that light, come on darling shine
Call out my name, when you call I'll be there So I made up my mind
I'll be around for a while
You can better your life
I'll be around for a while Time after time
I'll be around
This love tonight
It will be around for a while This is for her house let's then make it so proud
Virtually a mystic couldn't ravel tonight
Harder than diamonds, couldn't describe
Running like a river while I move to sun So I made up my mind
I'll be around for a while
You can better your life
I'll be around for a while Time after time
I'll be around
This love tonight
It will be around for a while We don't need to stay
Have you seen' Yes I changed my ways again
Really needed say When I've prayed, aha
Prayed to live with someone like you someday
It's all I need to say
It's all I need to say, It's all I need to say So I made up my mind
I'll be around for a while
You can better your life
I'll be around for a while Time after time
I'll be around
This love tonight

It will be around for a while
