

Mythicaluv

Tesla Rossa

Some shed light in a cave
Dredge the bottom of a lake
Lay with anything by night
Search away your whole life
It has to find you out
Let it hunt you down
Wrangle it by the ears
Lock it up for years

Mythical love
Animal or creature thereof
This mythical love

What if everyone i know
Knew Iâ€™m lying to myself
Kept on lying to themselves
About their mental health
What if everyone i see
Out there in the city streets
Feels the same as you and me
But they donâ€™t show it
