Hold On True

O.A.R. - (Of a Revolution)

"Back in the day"
Oh it wasn't that far.
Not a day goes by that wont be in the back tomorrow.
Take today as a sample to you.
It looks cloudy outside,
What are you gonna do? Well, we could get up.
Or we could get on down.
We could drive to the country or head down town,
Maybe I'll join you too.
We could have been so much better off than before.
If we held on true.
Take today, and go walk for a while.
Well just sit back Jack and relax and enjoy a smile.
Well let your mind go For a minute or two,
Let your mind levitate for a delicate few.
Maybe I'll join you too.
We could have been so much better off than before.
If we held on true.
I said but lately I've been feeling mighty old.
I said the Sun has got me cracked this wind has got me cold.
And I'm so damn tired of loosin my friends.
Every single time I go and loose my ends.
I say but that's okay, I'm on my way.
I don't appear near, but maybe I'll end up that way.
And in a while when I realize there's something new.
But until then I got to hold on true
