Where Did The Time Go

Sick Puppies

Tomorrow is ending
As fast as I'm spending
Most days I'm pretending
I'm hyper-extending

All my dreams
And all my uncertainties
On to a speedin' train

Where does the time go
And what have I done
The days keep getting shorter
And I'm still on the run
I'm losing the battle
I'm living with shadows
Where did the time
Hell if I know

The summers are shorter
My sister's older
She cries on my shoulder
I'm crossing the border

With all my dreams and all my uncertainties
Onto a speeding train

Eyes closed
I'm remembering why
People come and go
Like dominoes
The days keep passing by
I realize
I never learned how to fly
Is there still time
Is there still time

Where did the time go
And what have I done
The days keep getting shorter
And I'm still on the run

I'm losing the battle
I'm living with shadows
Where did the time go
Hell if I know
