

Golden Time of Day

Maze & Frankie Beverly

Golden Time of Day

(Maze feat. Frankie Beverly) There's a time of the day when the sun is going down

That's the golden time of day

It's a time that the sun turns a gold all around

That's the golden time of day

At the end of the day when the wind is soft and warm

Don't it make the flowers sway When the sun settles down and it takes a lovely form

That's the golden time of day People let me tell you

There's a time in your life when you find who you are

That's the golden time of day

In your mind you will find your a bright shining star

Ooh that's the golden time of day

When you feel deep inside all the love you're lookin' for

Don't it make you feel ok

Like the time of the day when the sun is going down

That's the golden time of day

That's the golden time of day

That's the golden time of day Shining can't you see it shining ooh ooh ooh ooh

Shining can't you see it shining ooh ooh ooh ooh
