

# Ubiquitous

## Cindergarden

Ubiquitous Stripped away  
Ego burns, visions stay  
Integrate  
Knowledge found, love and hate Somehow it's all the same  
empty screams devoid of blame  
forever trying to replace  
an incomplete mystery face Trauma takes  
Innocence, cradle breaks  
Without a trace  
Fairy tale falling grace Somehow it's all the same  
we get strong in a twisted game  
Holding on to fate  
missing link, hollow state
