De La Capat

[Voltaj](#)

Cantec de-ar fi viata mea
Vesel, trist, tot l-as canta
Nu as rata nicio nota
Rau de-ar fi l-as inota
Pan' la mare l-as urma
Nu m-as opri niciodata
Stii ca
Viata n-are buton de rewind sa
Poti sa intorci ce-ai pierdut
Nu poti nici sa o pui pe pauza
Cand nu stii ce-i de facutDaca maine noaptea n-ar mai avea vreo stea
Daca intruna vantul spre mine ar sufla
Tu ai fi motivul, tu ai fi motivul sa pot
Sa pot s-o iau de la capat
Daca maine cerul ar fi prea plin de nori
Daca nicio raza nu m-ar atinge-n zori
Tu ai fi motivul, tu ai fi motivul sa pot
Sa pot s-o iau de la capatInima-i ca un cocor
Spre tari calde pleaca-n zbor
Atunci cand e-n suflet iarna
Poate nu le va gasi
Poate se va prabusi
Dar nu renunta vreodata
Sa stii
As zbura chiar si-o noapte-ntreaga
Spre zorii-n care ai fi tu
Ploile n-ar putea sa-nteleaga
De ce nu cad cand sunt tot udDaca maine noaptea n-ar mai avea vreo stea
Daca intruna vantul spre mine ar sufla
Tu ai fi motivul, tu ai fi motivul sa pot
Sa pot s-o iau de la capat
Daca maine cerul ar fi prea plin de nori
Daca nicio raza nu m-ar atinge-n zori
Tu ai fi motivul, tu ai fi motivul sa pot
Sa pot s-o iau de la capatSa pot s-o iau de la capat x 4English Version:If my life were a song
Happy, sad, I would still sing it
I wouldn't miss one note.
If it were a river, I would swim it
I would follow it to the sea

I wouldn't ever stop

You know that

Life doesn't have a rewind button,

To help you recover what you lost,

Nor can you pause it

When you don't know what to do.If the night tomorrow had no stars at all

If the wind were to blow my way

You would be the reason x 2

To help me take it from the start.

If the sky tomorrow were too cloudy

If no sunray were to touch me at dawn

You would be the reason x 2

To help me take it from the start.The heart is like a crane

Flying off to warmer climes,

When the soul is full of winter.

Maybe it won't find them

Maybe it will fall

But it will never give up

You know.

I would fly all night long

To the dawn if you were there

Rains wouldn't understand

Why I don't fall when I'm all drenched.If the night tomorrow had no stars at all

If the wind were to blow my way

You would be the reason x 2

To help me take it from the start.

If the sky tomorrow were too cloudy

If no sunray were to touch me at dawn

You would be the reason x 2

To help me take it from the start.To help me take it from the start x 4
