

Nocturnal Me

Echo & the Bunnymen

In an ice-capped fire
Of burning wood
In our world of wire
Ignite our dreams
Of starry skies
And you and me
As realised
Our bigger themes Oh, take me internally
Forever yours
Nocturnal me
Take me internally
Forever yours
Nocturnal me Do or die
What's done is done
True beauty lies
On the blue horizon
Who or why
What's one is one
In pure disguise
Of vulgar sons Oh, take me internally
Forever yours
Nocturnal me
Take me internally
Forever yours
Nocturnal me Whatever burns
Burns eternally
So take me in
Turns internally
When I'm on fire
My body will be
Forever yours
Nocturnal me In an ice-capped fire
Of burning wood
In our world of wire
Ignite our dreams
Of starry skies
And you and me
As realised
Our bigger themes Oh, take me internally

Forever yours
Nocturnal me
Take me internally
Forever yours
Nocturnal me
