Fax Shadow

Toro Y Moi

It hurts so good inside
I don't want to talk about him
And how he wasn't shy
Don't tell me anymore about what you had
I know you're different now from what I had

It hurts so good inside
I'm sorry I couldn't name the color of your eyes [x3]
I don't want to talk about him
And how he wasn't shy
Don't tell me anymore about what you had
I know you're different now from what I had
