

Nobody

Selena Gomez

No heart, no hands, no skin, no touch
Can get me there, nowhere enough
To love me like you do, to love me like you do
No kiss, no lips, no feel, no rush
Can you keep me high, I swear no one
Can love me like you do, can love me like you do, no Nobody's gonna love me like you
Nobody, uh
Nobody, no uh
Nobody's gonna love me like you do
Like you, ooh
Nobody's gonna love me like you
Nobody, uh
Nobody, no uh
Nobody's ever loved me to the truth
Like you, ooh Nobody's gonna love me like you
Nobody, nobody oh No oxygen, can barely breathe
My darkest sin, you've raised release
And it's all because of you, all because of you
I don't know what it is, but you've pulled me in
No one compares, could ever begin
To love me like you do
And I wouldn't want them to
'Cause Nobody's gonna love me like you
Nobody, uh
Nobody, no uh
Nobody's gonna love me like you do
Like you, ooh
Nobody's gonna love me like you
Nobody, uh
Nobody, no uh
Nobody's ever loved me to the truth
Like you, ooh Nobody's gonna love me like you
Nobody, uh
Nobody, no uh I don't want nothing else
Not when I had the best
I don't want nothing else
'Cause you showed me the best Nobody's gonna love me like you
Nobody, uh
Nobody, no uh

Nobody's gonna love me like you do

Like you, ooh

Nobody's gonna love me like you

Nobody, uh

Nobody, no uh

Nobody's ever loved me to the truth

Like you, ooh

Nobody's gonna love me like you

Nobody, nobody
