Never Forgotten

J.R. Richards

The day we met- across this room
with your blue-jean-black-shirt-angel
there was only you
then you were gone and I needed you
your touch your skin your kisses
I was drawn to youI won't forget the shade of eyes in you
and all the reasons you rise
I won't forget we were one as two
and all that I - would ever need is you
and you were never forgotten
you were never forgotten
there was only you
now here you are - a familiar face
we knew that no one else could fill this empty space
but now I'm gone and I'm needing you
your touch your skin your strength within
to get me through
I won't forget the shade of eyes in you
and all the reasons you rise
I won't forget we were one as two
and all that I - would ever need is you
and you were never forgotten
you were never forgotten
there was only you
