

Texas

Beat Farmers

Here's somethin' I have found
Deep in the heart of Texas
Old stories goin' round
Deep in the heart of Texas
You're bound to hear it anyhow
'Bout the boys that love them cows
And every now and then a great big sow
Deep in the heart of Texas
You could find a girl any day
Deep in the heart of Texas
But all the pretty ones have moved away
Deep in the heart of Texas
You could see why they all get the blues
The way the boys seem to pick and choose
Anything that's wearin' a noose
Deep in the heart of Texas
