

Take

Haste the Day

Coward
I hate your filth
You speak lies
I Choose life
Push aside
The brokenness
You have afflicted
For so long We know who you are
We know who you are
And where you came from
We will never compromise
Because we know who you are Take take take
You take it all away
Coward coward coward You take it all away We know who you are
We know who you are
And where you came from
We will never compromise
Because we know who you are Take take take
You take it all away We know who you are
We know who you are
And where you came from
We will never compromise
Because we know who you are Take take take
You take it all away
Coward coward coward You take it all away
