

# My Place, My Taste

## ScholarMan

### 1st Verse

All natural / spit words thatâ€™s factual / the Sam-man tapping you / internally attacking you / what should a rapper do / expose whatâ€™s happening to / the community / open eyes when passing thru / cant judge from the outside scoping in / share your thoughts / share your views / donâ€™t hold them in / older men teach the young / the young listen / shit on the system as soon as Iâ€™m done pissing / still fishing for the truth / whatâ€™s the bait / play the game play your part / lets debate / cant escape / every turn something else / I do for self / from the energy I felt / safe belt / safe side / nothing safe now / young girls getting raped on the playground / I never play clown / pack heat serious / rush the white house / nah Iâ€™m not delirious

### CHORUS X2

Come on and go with me,  
Come on over to my place,  
Come on and ride with me,  
Get a little bit of my taste

### 2nd Verse

Yall cats cant hold me / trap me / or confine me / my third eye is awake / yall are moving blindly / singing and dancing when label execs demand it / no future for your music / dog no planning / now tell me where that leaves ya / amateur procedure / I hope you got a back up / your tracks wont feed ya / so stop forking around on your entrÃ©e son / claim you got hot shit / not hardly dun / Iâ€™m the backbone of hip-hop / revolve like a six shot / yall cats got balls / but Iâ€™m the dick that your chick got / a wise man told me / to walk this earth boldly / continuous movement / nobody can hold me / my mind is free / reflects in my music / Bombs Over Baghdad / Rebel Muzik defuse it / insane about to lose it / advertise it / boost it / wack emcees be gone / yall are useless

### CHORUS

Come on and go with me,  
Come on over to my place,  
Come on and ride with me,  
Get a little bit of my taste

### 3rd Verse

I may not be a preacher / but I spit good word / Iâ€™m highly preferred / wack emcees kicked to the curb / Iâ€™m known to splurge / on adjectives, nouns and verbs / making me one of the illest emcees heard / respect deserved / indeed paid dues / stayed real / of course I stayed true / maintain focus / keep my dreams hoping / for better days in this game where all my folks is / slippery the slopes are / Iâ€™m classic like Mozart / one of the realest

emcees who got the most heart / aint afraid to show it / a true rebel you know it / guaranteed I proceed these tracks flowing / where I'm going is where the greats dwell at / dedicated myself and you can tell that I real
