

Pigpen

Grinspoon

Another revolution on your mind
Fast, quick get into the cab
Sell her on the telephone lineMud sticks,
Sitting in the pigpen
Sitting in the pigpen
Staring at the ground
Living in the pigpenWhen you're there we'll start to stuff around
Cocksuck! better watch your language
Trying to go get our wagers on the ground
I'm free, now that I've got freedomSitting in the pigpen
Laughing all around
Living in the pigpenOhhh you're stuck in the ground
Stuck in the groundWishing you'd had known about it then
Drink up thinking of the asshole
Firestarter flies up ahead
I know, better than a way downSitting in the pigpen
Staring at the ground
Living in the pigpen
