Tell Me What It Takes

Lucero

Lucero - Tell Me What It TakesCold, cold heart of mine
Just let it all die
Started again the next day
So easy and so far away
More than betrayal and painTell me what that takes
Tell me what it takesCold, cold heart of mine
Just watch you cry
There wasn't much left to say
Nothing heartfelt anyway
So easy to just walk awayTell me what that takes
Tell me what it takesCold, cold heart of mine
Just let it all die
