

Come a Little Closer

Cage the Elephant

Time shakes, found you at the water
At first you were my father, now I love you like a brother
Earthquakes shake the dust behind you
This world at times will blind you
Still I know I'll see you there Come a little closer, then you'll see
Come on, come on, come on
Things aren't always what they seem to be
Come on, come on, come on
Do you understand the things you been seein'
Come on, come on, come on
Do you understand the things that you've been dreaming
Come a little closer, then you'll see Heartbreaks, the heavy world's upon your shoulders
Will we burn or just smolder
Somehow I know I'll find you there
Ooh, I wanna see if you can change it, change it
Still I know I'll see you there Come a little closer, then you'll see
Come on, come on, come on
Things aren't always what they seem to be
Do you understand the things that you've been seein'
Come on, come on, come on
Do you understand the things that you've been dreaming
Come a little closer, then you'll see
Come a little closer, then you'll see Ten thousand people stand alone now
And in the evening the sun sets
Tomorrow it will rise
Time flies by, they all sang along
Time flies by, they all sang along
Time flies by, they all sang along
Time flies, by, by Come a little closer, then you'll see
Come on, come on, come on
Come a little closer, then you'll see
Come a little closer, then you'll see
Come a little closer, then you'll see
