What's Simple Is True

Jewel

You turn to me with frozen lips Your hands are icy cold Your eyes burn bright against the frost-bit sky You never seemed more lovely than you do tonightPale on the horizon Like leaves frozen in the snow Our two shadows merge inseparably Will time stand still if it's pierced with coldThe more I live The more I know What's simple is true I love youThere's a warmth in my heart It haunts me when you're gone Mend me to your side and never let go Say time knows nothing, we'll never grow coldThe more I live The more I know What's simple is true I love youTwilight descends on our silhouette How soon spring comes How soon spring forgets I wanna hold time, say it'll never beginOld man winter be our friend Old man winter be our friend Cause the more I live The more I know what's simple is true
