My Eyes (Keep Me In Trouble)

[Muddy Waters](#)

My eyes keep me in trouble
Wants every woman I see
My eyes keep me in trouble
I wants every woman I see
Ah you pretty women kill me
Just come on and get poor meI love to love pretty women
Any girl who'll join my pad
I love to love pretty women
Any girl who'll join my pad
I want to love pretty women
Till their hair turns backI want women on my left, women on my right
Women all day, women all night
I want to love pretty women
That is a natural fact
I want to love pretty women
Any girl who'll join my padMy eyes keep me in trouble
That is a natural fact
My eyes keep me in trouble
That is a natural fact
I want to love pretty women
Till their hair turns back
