

Feeling Lucky

Jimmy Eat World

There's a chance one of us will give in soon
I could ask but what's an answer gonna prove?
I tried to get mad but the fever drops
My heart can't break 'cause the beating stops
Yeah, suck that lucky feeling right out of me
Wanna wrath, take a look around the room
It's a dance, tired steps in brand new shoes
I can only take a guess what the morning brings
If it feels too good then it probably is
Yeah, suck that lucky feeling right out of me
I follow your sign, wherever it leads I go
But you turned your back so easily
It tells me everything I need, yeah
Waiting for the line to move a foot, yeah
Wasting my life on nothing good
Suck that lucky feeling right out of me
I should apt, tie it down or cut you loose
It's a trap and [Incomprehensible] should not move
When I try to sing along, the needle skips
I'm hoping that I'm wrong but the half is friction
Suck that lucky feeling right out of me
Yeah, you sucked that lucky feeling right out of me
Yeah, you sucked that lucky feeling right out of me, yeah
