Day Of Fire

Hey, what's it gonna take to bring you home
Hey, what's it gonna take to break that hold
If you want it, if you want it
If you want it , then let go
If you want it, if you want it
If you want it, then let go
Hey, what's it gonna take to bring you home
Hey, what's gonna take to break that hold
If you want it, if you want it
If you want it , then let go
If you want it, if you want it
If you want it, then let go
If you want it, if you want it
If you want it , then let go
If you want it, if you want it
If you want it, then let go
If you want it, if you want it
If you want it , then let go
If you want it, if you want it
If you want it, then let go
If you want it, if you want it
If you want it , then let go
If you want it, if you want it
If you want it, then let go
