

Summer

Falls

Traveling from season to season
Listening to weary hearts beating
And I'm tired and glad to have reason
To turn on back and keep on keeping
Oh my god, I think I've been waiting too long
Oh my god, I miss you
It's been a long hot summer
Can't wait to get back home
Can't wait to get back home
It's been a long hot summer
Can't wait to get back home
Can't wait to get back home
Somewhere in between places
I've forgotten too many faces
And I'm hoping you'll still be waiting
'Cause going it alone is so overrated
Oh my god, I think I've been waiting too long
Oh my god, I miss you
It's been a long hot summer
Can't wait to get back home
Can't wait to get back home
It's been a long hot summer
Can't wait to get back home
Can't wait to get back home
All those roads, I'm told
They are paved with gold
And they rise and fall
And before you know
All your dreams unfold
And you just let go
'Cause they lead me back to you
To you
To you
To you
To you
