

Halloween

Dave Matthews Band

Hey little dreamer's eyes open and staring up at me
Oh little lonely eyes open and radiant Wait until I come and I will steal you
Wait until I come I'll take your soul
Wait until I come and I will steal you
Wait until I come and I won't go Darlin' dreamin in the night
Shadows on the windows
Lead oh and everyone go
Well leave me on the night
I will give you lightning
I will not relinquish light Oh little dreamer eyes open and raving here Wait until I come and see you little girl
When we come I'll leave with you too
When we come I'll let you come low Hey we'll leave it all behind
Oh and then the nightmares
I'll fill them in good time
Oh they will seat your mind
When the light hits
And you maybe'll ask me Why do you run around here
Why do you come inside of me
Why does it rip me out in dream
Why then why then watch this little fuck Going away Why this lonely
Why this lonely
Why this lonely love Why this lonely
Why this lonely
Why this lonely love Halloween
Carry on
Bury all
Bury all
Bury all
Bury all
Bury all And in this dream
Tell us are you satisfied with fucking Don't walk away
Don't walk away
Don't walk away
I'm talking to you Love is hell
Love is hell
Love is hell
Love this I'll tame you Love
Love
Love

Love this not me hereLove

Love

Love him up to you*****hey I won't go away ...

oh one little minute mama see me with you

one little bitty mama see me with her eye

one little bitty mama little bitty mama said

"Lie ..."

we'll wait a while watch you where you lay

come into your nightmares

I'll wash up into your mind

we'll later leave behind

humming all the rats well

I suck up into your mind ...

calm it down chicken

minding minding what you turn for

turn for me you said

one little minute mama see me with you

one little bitty mama see me with you

little bitty mama little bitty mama said "Lie ..."

hey man watch it where you lie

I come into your nightmares

I suck up into your mind

breakfast table you'll be tired

but I will have you safe

safe all wound up into your ...

oh why do we run around here

oh why do why do what you lit so far ...

run love so it

why you worry
