## Halloween

## **Dave Matthews Band**

Hey little dreamer's eyes open and staring up at me Oh little lonely eyes open and radiantWait until I come and I will steal you

Wait until I come I'll take your soul

Wait until I come and I will steal you

Wait until I come and I won't goDarlin' dreamin in the night

Shadows on the windows

Lead oh and everyone go

Well leave me on the night

I will give you lightning

I will not relinquish lightOh little dreamer eyes open and raving hereWait until I come and see you little girl
When we come I'll leave with you too

When we come I'll let you come lowHey we'll leave it all behind

Oh and then the nightmares

I'll fill them in good time

Oh they will seat your mind

When the light hits

And you maybe'll ask meWhy do you run around here

Why do you come inside of me

Why does it rip me out in dream

Why then why then watch this little fuckGoing awayWhy this lonely

Why this lonely

Why this lonely loveWhy this lonely

Why this lonely

Why this lonely loveHalloween
