

I Want You

Mi Casa

Since you found it.
Won't you come closer to me
Do it your way
Anything for you lady
Cause its our time, our time
This is our time to shine
Forget about last night tonight
It was made for you and I
I want you baby
Every little piece of you
There aint anything that could change my
mind
My pretty lady
I really need you to know that I don't
wanna waste no time
I want you right now
And I aint gone give up
I need you right now
No I aint gone give up
I want you right now
I need you right now
Its getting brighter and brighter yeah
To bright to see
Cause I can't contain my self
Can't contain my little self from you
And the only thing that help getting me
well is a kiss from you
I need you baby yeah...
I want you baby yeah yeah
I need you baby oh yeah
I want you baby yeah yeah
I want you right now
And I aint gone give up
I need you right now
No I aint gone give up
I want you right now
I need you right now
Oh I aint gonna give up on you
I want you right now

I need you right now

I want you right now

I need you right now
