

# Not Tonight Josephine (Candlelight Version)

Emil Bulls

I slowly exsanguinate  
Into an ocean of despair  
Like a decomposing carcass  
I'm floating towards nowhere  
Below the sharks are waiting for a feeding frenzy  
I'll trick 'em and escape  
Like the great Houdini  
Pandemonium is on warpath  
Not tonight Josephine  
My heart belongs to another  
I know what I want and it's not you  
Sleep tight Joseohine  
This is a goodbye  
I gotta go I gotta leave it all  
I'm gonna leave it all behind  
I'm crawling through the deserts  
And the badlands of my world  
My patience and dedication drown  
In the quicksand of my soul  
Above the vultures are waiting for my final heartbeat  
I'll trick 'em and escape  
'Cause i still belive  
Pandemonium is on warpath  
Not tonight Josephine

...

Josephine what the hell happened to us  
Josephine there's an ocean between us  
Josephine we're behind the eight ball  
Josephine the writing is on the wall  
I slowly exsanguinate  
Into an ocean of despair  
Like a decomposing carcass  
I'm floating towards nowhere  
Floating nowhere  
Nowhere  
Josephine  
Josephine  
My heart belongs to another  
I know what I want and it's not you

Sleep tight Josephine

This is a goodbye

Bye bye
