

# The Breakup Song

[Brandon Hines](#)

I can't believe I hung around with you all this time  
You drove me crazy with your OCD, girl you're out of your mind  
I'm counting on UFO's to beam me up, I just don't know  
How long I can take this shit, I'm over it girl you gotta go  
It's over, we're over, just like in crimson and clover  
We're sinking, I'm thinking, how the hell did we get so stupid  
It's the end ex girlfriend, I don't care what you think of me now  
So long you're gone, this is the break up song  
One more thing before you go, would you please give me my records back?  
My bloody valentine, the pixies, cheap trick and back in black  
You can keep the dog we bought, but you can't go near the standard bar  
Don't hang around, don't call my friends, they won't know who you are  
It's over, we're over, just like in crimson and clover  
We're sinking I'm thinking, how the hell did we get so stupid  
It's the end ex girlfriend, I don't care what you think of me now  
So long you're gone, this is the break up song  
So long you're gone, this is the break up song  
It's over, we're over, just like in crimson and clover  
We're sinking I'm thinking, how the hell did we get so stupid  
It's the end ex girlfriend, I don't care what you think of me now  
So long you're gone, this is the break up song  
So long you're gone, this is the break up song  
So long you're gone, this is the break up song  
So long you're gone, this is the break up song  
This is the break up song
