

# Most I

## Chronixx

I and I a carry you Jah, Jah  
Deep down in my soul  
Always hold my hand you know Jah, Jah  
Never let me go  
I and I a walk with you Jah, Jah  
Deep down in my soul  
Always hold my hand you know Jah Jah  
Never let me go

I and I still a walk with the savior  
Each and everywhere that I go  
Still naw left out the most high  
I naw left out the most high  
I still a walk with the savior  
Each and everywhere that I go  
Still naw left king pa far high  
I naw left out the most high  
Reach my hand oh Jah, would you walk with  
me  
Iâ€™m alone oh Jah, yea would you talk with me  
You a the reason mi no inna the morgue yet  
A you gimmi peace inna mi heart  
All when mi get vision of 3 body guard  
And some big bad dog inna mi yard

I and I still a walk with the savior  
Each and everywhere that I go  
Still naw left out the most high  
I naw left out the most high  
I still a walk with the savior  
Each and everywhere that I go  
Still naw left king pa far high  
I naw left out the most high  
Reach my hand oh Jah, would you walk with  
me  
Iâ€™m alone oh Jah, yea would you talk with me  
You a the reason mi no inna the morgue yet  
A you gimmi peace inna mi heart  
All when mi get vision of 3 body guard

And some big bad dog inna mi yard

On my way to school  
Carry Jah, Jah, with me  
All inna the classroom  
Carry Jah, Jah, with me  
In every lane, an every crives, an corner  
Selassie high yes him a fi mi dan dadda  
From mi a likkle bit a pickiny pon orders  
So all when mi turn grandfather

I and I still a walk with the savior  
Each and everywhere that I go  
Still naw left out the most high  
I naw left out the most high  
I still a walk with the savior  
Each and everywhere that I go  
Still naw left king pa far high  
I naw left out the most high  
Reach my hand oh Jah, would you walk with  
me  
Iâ€™m alone oh Jah, yea would you talk with me  
You a the reason mi no inna the morgue yet  
A you gimmi peace inna mi heart  
All when mi get vision of 3 body guard  
And some big bad dog inna mi yard

So I beg Jah walk with me  
And talk with me  
Cause no matter how much oil yo walk with  
Without Jah yo salt no rathid  
So walk with me  
Yea talk with me  
No watch dem new clear power  
No down to the very last hour

I and I still a walk with the savior  
Each and everywhere that I go  
Still naw left out the most high  
I naw left out the most high  
I still a walk with the savior  
Each and everywhere that I go  
Still naw left king pa far high  
I naw left out the most high  
Reach my hand oh Jah, would you walk with

me

Iâ€™m alone oh Jah, yea would you talk with me

You a the reason mi no inna the morgue yet

A you gimmi peace inna mi heart

All when mi get vision of 3 body guard

And some big bad dog inna mi yard
