

# Rewrite This Story

## Smash Cast

[Jimmy:]

There's a block on the edge of this town no one talks about  
Where the train doesn't stop and the kids know they're not getting out  
You live in the loop, the smokes on the stoop  
Counting the coins you got  
You work at a bar where all that you are is everything you're not  
Someone tell me when  
I can start again  
And rewrite this story  
How long can I stay  
Lost without a way to rewrite  
I wish I could rewrite this story

[Karen:]

Pretty face, pretty voice; pretty much someone they forget  
Hard to tell me apart from the ten other girls they just met  
"We can't see the hook, we can't sell the look"  
I hear it every day  
"You won't be a star if you're who you are"  
So I just fade away  
Make me someone new  
Tell me what I do to rewrite this story

[Both:]

How long can I stay  
Lost without a way to rewrite  
I wish I could rewrite this story  
Change every word of every line  
Write any story but mine  
Someone tell me when  
Can I start again  
And rewrite this story  
Yeah, Yeah  
How long can I stay  
Lost without a way to rewrite  
Rewrite  
I wish I could rewrite this story
