## Who Feels Love?

## **Oasis**

Found what I lost inside My spirit has been purified Take a thorn from my pride And hand in hand, we'll take a walk outside Thank you for the sun The one that shines on everyone who feels love Now there's a million years Between my fantasies and fears, I feel loveI'm leaving all that I see Now all my emotions fill the air I breatheNow you understand That this is not the promised land they spoke of There's nothing more to be If you can be the remedy who heals loveI thank you for the sun The one that shines on everyone who feels love Now there's a million years Between my fantasies and fears, I feel loveI thank you for the sun The one that shines on everyone who feels love Now there's a million years Between my fantasies and fears, I feel love
