

Need to Get Some

Division of Laura Lee

You need to get some
You need to get some
You need to get some
You need to get 'Cause everybody is havin' fun
Everybody is havin' fun
And everyone keeps
On askin' me, yeah
About all the things
That we've been waiting for It's not just you, it's not just me
It's not just you
We're dealing with everyone
Hey everyone Deliver your money
Deliver your soul
Deliver your freedom Hey, give 'em the truth
And the just might follow
Give 'em the truth
And they just might You need to get some
You need to get some
You need to get some
You need to get Are you sad when my deal?
I give you more to reveal
I'll give you everything
Everything you need
You're not the only one It's not just you
It's not just me
It's not just you We're dealing with everyone
Hey everyone Deliver your money
Deliver your soul
Deliver your freedom Hey, give 'em the truth
And the just might follow
Give 'em the truth
And they just might You need to get some
You need to get some
You need to get some
You need to get some
You need to get some 'Cause everybody is havin' fun
Everybody is havin' fun
And everyone keeps on askin' me, yeah
About all the things that we've waiting for
