Desperate Religion

Atb

You know shes never gonna tell you, if she likes it this way
You know shes never gonna ask you, if you feel the same
A fever oh an addiction uh, was it worth it did you give your life away?A fever a desperate religion, and all that she can say isGive me just a little bit, uh
Gimme just a little bitA train that never stops rolling its getting into your blood
A need that never stops growing shes a poisonous one
A hope for better days but nothing, oh
Seems to fix it, uh, now youre wasting way
Indeed a desperate religion and all that she will say isA desperate addiction
A familiar affliction
Denying wont fix it
This desperate religion
