

# Restless Heart

## Starsailor

She stayed till the morning  
Left with her soul intact  
Something was forming  
I asked her if she'd come back  
My restless heart  
Beats like a wantan drum  
Tear me apart  
Say, "I'm your only one"  
She stayed till the morning  
Left with her soul intact  
Something was forming  
I asked her if she'd come back  
My restless heart  
Beats like a wantan drum  
Take this to heart  
Say, "I'm your only one"  
Say, "I'm your only one"  
Say, "I'm your only one"  
Say, "I'm your only one"  
Say, "I'm your heart"
