

# Before You Hate It

Gary Numan

Here it comes again  
That old familiar pain  
Here it comes again  
Now it has a name What am I to do?  
And where am I to go?  
Here it comes again  
I am not myself Do you think of me?  
Do you think of me? Here it comes close again  
Tortured and deceived  
Here it comes close again  
If only I'd believed What am I to say?  
And where am I to die?  
Here it comes again  
I am not myself Do you think of me?  
Do you think of me? I'll tell you something that you don't know  
I'll tell you something that you don't know  
I'll tell you something that you don't know  
I'll tell you something that you don't know Once is always so don't call me, call me  
Once is always so don't call me, call me  
Once is always so don't call me, call me  
Once is always so don't call me, call me
