

Blues At My Window

Martin Harley Band

Blues at My Window

Martin Harley

Key of Dm

Blues at my window

You know I got the blues all in my bed

Yeah the blues is at my window

You know I got the blues all in my bed

Yeah I got a pain in my heart

You know I got a worries all in my head

The blues is in my coffee

Yeah you know I got the blues all in my wine

Yeah the blues is in my coffee

And you know I got the blues all in my wine

Got this guilty feeling on my conscience

Want baby nearly all the time

Solo

I think I might be going crazy

I thought I heard you knocking on on my door

Yeah I thought I heard you knocking baby

Yeah I thought I heard you knocking on my door, yeah

Although I over look to see you baby

Then you know you ainâ€™t standing there no more

See I think I might be, going, crazy

Feels like I might, never get no sleep no more

Seems like-a, Iâ€™m going crazy, Lord

You know Iâ€™m gonna never, never gonna get no sleep no more

Oh since losin you baby, now

Donâ€™t believe Iâ€™m gonna get no peace
