Let's Dance Tonight

Poco

Slippin' away headin' out to L.A.
Gonna sing in the city tonight, tonightSlippin' away headin' out to L.A.
Gonna sing in the city tonight
This rock 'n' roll feelin's got my head reelin'
A feelin' I know that is rightSo c'mon let's dance, let's danceAnd maybe if you like we could be just like
Old friends that new friends could like
'Cause only a few do what you can sure do
And only a few do it rightSo c'mon let's dance, let's dance tonight, hey!Just let me take you dancin', dancin'
In the moonlight the summer night, what a night
And baby while we're dancin', dancin'
We'll take our time to ease our minds and come aliveYes baby while we're dancin', dancin'
We can sing while guitars screamin', we'll make a dream
Then maybe while we're dancin', dancin'
Remember then the feelin' whenWe were slippin' away headin' out to L.A.
This rock 'n' roll feelin's got my head reelin'
A feelin' I know that is rightSo c'mon let's dance, let's dance tonight
C'mon let's dance tonight
C'mon let's dance, let's dance tonight
Let's dance, let's dance
C'mon, c'mon, c'mon let's dance, let's dance tonight
C'mon let's dance
