

Brainwascht

Ben Folds

One, two, three
If you wanna write a letter, write a letter
If you'd rather make a phone call
Pick up the phone up, and call me
But if you had to say it all with a pop song
Couldn't you at least have written me a good one?
She's brainwashed you, brainwashed you
Brainwashed you, brainwashed you too
She's brainwashed you, brainwashed you
Brainwashed you, brainwashed you too
Was it just a simple rewind and erase?
Was your mind squeaky clean in the first place?
If you've gotta write an essay, do your research
If you got to stick your nose in a boy
And girl fight, hear both sides first
There's something wrong being copied on a memo
In the form of a big ugly demo
She's brainwashed you, brainwashed you
Brainwashed you, brainwashed you too
She's brainwashed you, brainwashed you
Brainwashed you, brainwashed you too
Is there a funnel from her mind to your mouth now?
'Cause you don't edit anything, it just comes out
I gotta say it's pretty gay trading jabs in pop song
So maybe next time, you should just have a dance off
A dance off
I think there's something in the Bible
About forgiveness and love
And more importantly about those stones
And what your house is made of
You might reflect upon your own arrangement
Ninety four getting blown in your basement
While your wife slept
She's brainwashed you, brainwashed you
Brainwashed you, brainwashed you too
She's brainwashed you, brainwashed you
Brainwashed you, brainwashed you too
She's brainwashed you, integrity
She's brainwashed you, family

She's b-b-brainwashed you
