

Into the Deep (feat. Macy Gray)

Galactic

hopscotch, double dutch goin' fishin
it don't matter if you're playin' or wishin'
feeling like we're too far gone
and everyday - it's like a warnin' baby,
a warnin' baby
it's definitely darkest before the dawn
and i know
you should know - it takes more than words to make us whole
into the deep we go
baby 'til i drown
into the deep we go
baby 'til i'm found
i can't tell you how to live your life, it's just not what i know
you're the keys to all my churches, open up the door
into the deep we go
baby 'til i drown
into the deep we go
baby 'til i'm found
lonely blues and your sunshine shoes boobie
always move for and always with me
feelin' like my favorite song
and everyday, it's like heaven baby, it's heaven baby
it's definitely darkest before the dawn
and i know
you should know - it's these words that make us whole
into the deep we go
baby 'til i drown
into the deep we go
baby 'til i'm found
i can't tell you how to live your life, it's just not what i know
you're the keys to all my churches, open up the door
into the deep we go
baby 'til i drown
into the deep we go
baby 'til i'm found
till i drown
into the deep we go
i can't tell you how to live your life, it's just not what i know
you're the keys to all my judges, open up the door
