They Deserve To Die

Cannibal Corpse

Violence is legitimate is causes such as this
Cruel retribution is fitting
Vengeance will be dealt out with ruthless iron fist
Worthless filth receive no mercyThey deserve to die
They deserve to diePlans have been completed
And the time is drawing near
Punishment will be relentlessThey deserve to die
They deserve to dieVacuous faces hammered into mash
Beaten senseless, sense they never had
Merciless smashing shatters teeth and bone
Ignorance earned every crushing blowKilling has just started and my lust for blood will grow
Justice will be found in murder
Stupid as they are they didn't know the seeds they'd sown
Grew into my savage hatredThey deserve to die
They deserve to dieSkull is fractured by the pounding
Eyes dislodging from their sockets
Brains spill out, the skull is split through
Mind vacant, now cranium tooGuilty thoughts will not infect me
Soulless scum receive no pityDeceptive tongues hew by my blade
Forked like a snake now on the ground they lay
They had no conscience so there is no loss
For my redemption there must be a costThey deserve to die
They deserve to die
Die
