# All Guns Blazing

## Saxon

All guns blazingBack's against the wall
Don't let the system break you
Why make it easy for them all?
Barricade your doors
Defend yourself don't let them in
Keep hostile forces from your shoresDon't let them grind you down
Keep both feet on the ground
The battle rages on and onGoing in, all guns blazing
Going in, get out my line of fire
Going in, all guns blazing
Going in, get out my line of fire
All guns blazingTogether we will stand
Don't let the sword divide you
Draw your line across the sand
Waiting for the fall
Stand your ground we're digging in
This time we rally to the causeDon't let them grind you down
Keep both feet on the ground
The battle rages on and onGoing in, all guns blazing
Going in, get out my line of fire
Going in, all guns blazing
Going in, get out my line of fireBack's against the wall
Don't let the system break you
Why make it easy for them all?
Barricade your doors
Defend yourself don't let them in
Keep hostile forces from your shoresDon't let them grind you down
Keep both feet on the ground
The battle rages on and onGoing in, all guns blazing
Going in, get out my line of fire
Going in, all guns blazing
Going in, get out my line of fireGoing in, all guns blazing
Going in, get out my line of fire
Going in, all guns blazing
Going in, get out my line of fire
